Salisbury Recycling Centre, Churchfields Industrial Estate; Amesbury Recycling Centre, Boscombe Down Business Park; & Shaftesbury Recycling Centre, Wincombe Business Park;

Have containers for:
Garden waste, rubble, topsoil, batteries, tyres, books, textiles, metals, plastics, paper, cardboard, wood, oil, cans, glass, foil, tetra-paks/cartons, electrical goods, spectacles, longlife bulbs, TVs, monitors, print cartridges, and much more! All the above will be recycled—some for charity.

They also have skips for general rubbish, which goes to landfill and for bagged general rubbish which is burned for energy.

**PLEASE: Let’s all remember to RE-USE  REDUCE  RECYCLE OUR WASTE THANK YOU**

Alternative Local Recycling
Current Kerbside collections include:
General Rubbish for Landfill. (grey top wheelie bin)
Plastic Bottles (only!) and Cardboard. (blue top wheelie bin)
Garden Waste for Compost (no food/kitchen waste). (green top wheelie bin)
Glass, Tins/Cans, Paper, Aerosols, foil. textiles, clothing and shoes. (black box - you may have two if needed.)
The last three are sorted and sent away to be turned into something useful - and kept out of landfill!

www.salisbury transition city.org
Enquiries: info@salisburytransitioncity.org

The aim of SALISBURY TRANSITION CITY is to encourage a more sustainable future for residents and businesses in the Salisbury area.
## ALTERNATIVE RECYCLING
(please note this list is a guide, and not exhaustive. If you have more ideas, please let us know)

### CHARITY SHOPS
There are many in Salisbury, Amesbury, Wilton and Shaftesbury.
All welcome donations of all sorts of goods including clothing, books, tableware, toys, games etc.
(many can now take smaller electrical items also). The larger ones like the Burnbake Trust, The Trussel Trust, Sue Ryder and the British Heart Foundation will take furniture and household goods too. Alabare Christian Care offers complete house clearances and sale of re-furbished furniture from their new, large facility on the industrial estate off the A36 in Wilton.

### BOOKS
Oxfam Book Shop in Catherine Street, Bookstall at the United Reform Church, Charity shops.

### UNWANTED TOOLS
Can be refurbished and sent to third world countries enabling people to help themselves to a better life. Tools with a Mission (TWAM) collection agents are in Warminster (01985 216465) and Ringwood (01425 479717) Tools for Self Reliance (023 8086 9697) are based in Netley Marsh.

### USED PRINTER CARTRIDGES
Ryman (Queen Street) Tesco (Southampton Road) PC World (Southampton Road) and all municipal sites take used printer cartridges

### OLD SPECTACLES / HEARING AIDS
Many opticians (including Specsavers) are happy to receive these, and sunglasses, for third world recycling. Suppliers of hearing aids will recycle their aids too.

### UNWANTED “WHITE GOODS”
The charity KFR (01380 720722) website: www.kfr.org.uk will collect furniture and white goods like cookers, washing machines & fridges and refurbish them for sale to low income families. Items beyond repair are stripped down for reusable parts & the residue sent for further recycling.

### USED HOUSEHOLD BATTERIES
Most shops which sell batteries collect them too. eg: Robert Dyas, Tesco, Ryman, Also Municipal Recycling Centres

### BICYCLES
Hope2Cycle will take unwanted bicycles and refurbish them or strip them down for spares. They will also sell you good refurbished cycles at a reasonable price. They have a workshop/shop in Shaftesbury (01747 851397) Or see their website: www.hope2cycle.org.uk
In Salisbury, from August 2017, Bemerton Heath Bike Hub will offer a similar service based at St Michaels Community Centre, St Michaels Rd. Salisbury SP2 9LE
Contact: Robin Imeson on 07730874543 for details.

### OLD BLANKETS AND TOWELS
These are used by The Dog’s Trust as bedding. Kennels: (01980 629634) Shop: (01722 321415) Dog toys and food welcome too!

### KITCHEN/FOOD WASTE
Since we cannot put this into our green top wheelie bins Wiltshire Council are offering a good deal on a “Green Johanna” which will make compost from mixed food & garden waste or a “Green Cone” which will “dissolve” food waste into the ground. To buy either of these phone (free) 0800 7312572 or visit the website www.greatgreensystems.com

### COMPUTERS
Jamie’s Computers is part of “The Society of St James”, a Homeless Charity in Southampton, which collects old computers and accessories for refurbishing and resale. It also supplies training and voluntary opportunities for vulnerable people. All data is properly removed and all profits go to the charity. Tel.023 8063 2198 or see their website www.jamies.org.uk
Tools with a Mission also take computers (see above)

### USED POSTAGE STAMPS & FOREIGN COINS
Salisbury Hospice and Naomi House children’s hospice take these in their charity shops.

### “SWAPPING” WEBSITES
There are a number of websites where you can giveaway items you no longer need and search for stuff which other people are giving away that you need. No money is exchanged! No strings are attached! Three of the more popular ones are:
www.ilovefreecycle.org      www.freecycle.org  & www.streetlife.com

### OTHER PLASTICS
There is now a skip labelled “Rigid Plastic” at the Salisbury recycling site into which we may empty all the “other plastics” banned from the blue top wheelie bin—but not bags or film.
The skip will take: yogurt pots, plastic boxes, food trays/containers, old garden furniture, toys, plant pots and so on.

### BROCHURE / PLASTIC BAGS
Most brochures seem to come in plastic bags now! If you cut one end off and slide the magazine out carefully you have a useful bag. Most of the plastic film from vegetables kept in the fridge) but ideal for other purposes; for example “picking up” after your dog!
Supermarkets have collection bins for carrier bags which will now take bread bags and the film wrappers from toilet rolls, kitchen towels etc.

### SCHOOL COLLECTIONS
Check what your local school might be collecting to raise funds. An example of this is a firm called Bluskye, who supply suitable bags to collect small electrical/battery powered domestic items which may otherwise end up in the rubbish bin. Examples are games, toasters, irons, kettles etc. which they recycle. A donation is paid to the school after collection. If the school doesn’t already do something—suggest it!
Contacts: www.bluskye.co.uk (01225 723832)
